NOTE: This certificate evidences compliance with one or more of the Rules, Guide standards or other criteria of ABS or a statutory and/or national or international standard. It is issued solely for the use of ABS, its committees, its clients or other authorized parties. This Certificate is valid as presented only, that is, no structural item of material, equipment, component or any other item covered by this Certificate has been examined by the Rules, Guide standards or other criteria of ABS or of the date of issue. Parties are advised to verify the Rules for the scope and conditions of classification and to review the survey records for a full description of any restrictions or limitation on the scope of service or service. The validity, applicability and interpretation of this Certificate is governed by the Rules and standards of ABS who shall remain the sole judge thereof. Nothing contained in this Certificate or any indication made in contemplation of this Certificate shall be deemed to relieve anyone (owner, builder, designer, manufacturer, seller, supplier, repairer, inspector, etc.) of any warranty or liability or in any way.
